Profile Summary

Motivated and goal-oriented professional with a proven track record of delivering impactful web solutions that enhance business operations. Successfully led the development of real-world projects like an employee management system and a client-facing portfolio website. Passionate about creating meaningful digital experiences and continuously improving through learning and innovation. Known for taking ownership, meeting deadlines, and transforming ideas into functional, user-focused applications. Seeking to contribute to dynamic teams and grow into a leadership role in software development.

Technical Skills

Languages: C#, C/C++, JavaScript, Python, SQL, HTML, CSS
Frontend: Angular, ReactJS, Bootstrap, jQuery
Backend: ASP.NET Core (Web API, MVC), ASP.NET (Web Forms)
Database: SQL Server, ADO.NET, Entity Framework Core, LINQ
Tools & Others: Git, Visual Studio, Postman

Experience

Associate Program Analyst | Ebix Technologies, Noida

September 2022 - Present

- Developed and maintained project components using HTML, CSS, JavaScript, Angular, ReactJS, C#, .Net Framework, .Net Core Framework and SQL Server.
- Translated client requirements into functional software modules and collaborated with cross-functional teams to ensure project delivery.
- Participated in the complete SDLC, from requirements to deployment, improving project delivery timelines and reliability.
- Collaborated with cross-functional teams and conducted code reviews to ensure maintainable, high-quality code.

Front End Developer | NS Technology, Noida

June 2022 - Aug 2022

- Front End Developer Intern at NS Technology, specialising in website development using HTML, CSS, JavaScript and ReactJS.
- Developed dynamic websites, including portfolio and e-commerce platforms, demonstrating proficiency in frontend.
- Translated client requirements into functional software modules, ensuring alignment with project goals and exceeding client expectations.

Projects

Ebixcert Web App

- Developed a multi-client web application using **ASP.NET Core Web Api, Entity Framework Core, SQL Server, Angular** and Bootstrap to streamline vendor management processes.
- Designed and implemented features to display vendor requirements and liabilities, ensuring accurate data representation and seamless client interaction.
- Collaborated with cross-functional teams to deliver a scalable and user-friendly solution, improving operational efficiency for multiple clients.

ODSPro Window App

- Developed a Windows application using **C#.NET, ADO.NET, and SQL Server** to support the BPO team in data entry and retrieving client information.
- Designed and implemented database tables and stored procedures to fetch and display data in the application.
- Integrated business logic to identify and display deficient vendors, helping the company track vendor compliance and performance.

iEmployee Web App

- Built **iEmployee**, a full-stack web app to manage employee data using **ASP.NET Core Web API, Entity Framework Core, and SQL Server**.
- Performed **CRUD operations** with clean and modular API design.
- Developed responsive frontend using **Angular** and integrated RESTful APIs.
- Implemented JWT authentication, role-based authorization, and modular CRUD APIs.
- Followed **Clean Architecture and CQRS** for maintainability.

Prequal Web App

- Developed a client-facing web application to manage vendors and their requirements using **ASP.NET Core MVC, JQuery, ADO.NET, and SQL Server**.
- Implemented modules to track vendor details, compliance, and documentation.
- Designed SQL database structure and optimized stored procedures for better performance.
- Collaborated with business teams to ensure the application met client expectations and improved operational visibility.

Education

B.Tech in Computer Science	ITS Engineering College, Greater Noida	Jan 2019 – Aug 2023 75%
Class 12th	RLSY Inter College, Koderma	2018 72%
Class 10th	RPY High College, Koderma	2016 77%

Coding Profile And Certification

5 Star Coder | Hackerrank
Python Programming - A Practical Approach | E & ICT Academy, IIT Kanpur
SQL | Hackerrank
